You can have your money back any time within a year if you are not satisfied with the results. Even with the highest quality seeds and bulbs, success in gardening depends largely upon cultivation, soil, and weather conditions. Therefore, in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid us for seeds or bulbs. W. Atlee Burpee Co., Philadelphia

# Dear Friends:

During these troubled times food is one of the items vital to the successful conclusion of our national emergency.

You, the market grower, and, to a smaller extent the florist, are chiefly responsible for the production of this essential. We, the seedsmen, are responsible in that we must furnish you with adequate supplies of good seeds at prices which you can afford to pay.

Unfortunately, because of poor growing conditions, the supply of seed in this country is very limited. In spite of this shortage we have endeavored to foresee your needs by reserving in our warehouses seed which we hope will be sufficient for your needs.

Won't you help us serve you by sending in your orders as early as possible so that both you and we may plan our future operations carefully?

Our prices are based on the seed stocks which we now have on hand in our warehouses. When this supply is exhausted we may be forced to increase our prices. Consequently, seeds offered in this Blue List are subject to prior sale and change in price without notice.

We wish you a most successful season and we trust that you will continue to be a user of the "Best seeds that grow."

Faithfully yours,

David Burpee

## Terms of Payment

Effective January 1, 1942, all invoices for purchases will be charged at the prices quoted in this Burpee Blue List, unless Special Offers are made by letter or telegram and referred to when the order is placed.

Our terms are cash with order unless you have an account with us or are satisfactorily rated by the commercial agencies. No discount on Grass Seeds, Clover Seeds, Onion Sets, Potatoes, Roots, and Supplies, or on shipping charges, all of which are net cash.

Orders for seeds will be shipped C.O.D. upon receipt of a deposit of 25% of the value of the order.

## Burpee Guarantee

We guarantee the vitality and purity of Burpee's Seeds and Bulbs to the full amount of the purchase price. You can have your money back any time within a year if you are not satisfied with the results. Even with the highest quality seeds and bulbs, success in gardening depends largely upon cultivation, soil, and weather conditions. Therefore, in no case shall W. Atlee Burpee Co. be liable for more than the amount actually paid us for seeds or bulbs. All goods are sold under this guarantee.

## Free Delivery anywhere in the United States except where stated otherwise

Flower Seeds, in any quantity, will be sent prepaid. All Vegetable Seeds offered "Transportation Prepaid" will be delivered postpaid or express paid, our option. On Beans, Sweet Corn, Pop Corn, Peas, Rape, Sunflower and Grass Seeds, Burpee's Garden Food, Asparagus Roots, Garlic Sets, Horse Radish Roots, Mushroom Spawn, Onion Sets, Peanuts, Potatoes, and Rhubarb Roots offered "Not Prepaid," the purchaser pays the transportation charges. If such goods are wanted by Parcel Post, include sufficient to cover postage on cash orders. On charge orders, postage will be invoiced.

If flower bulbs or roots are wanted, we will allow you a 25% discount from the retail prices of separate varieties; 20% discount on special bulb collection offers. Customer pays transportation charges. No discount will be allowed on bulbs or roots if the retail value of goods ordered at one time is less than \$2.00.

## Be sure to give us Complete Shipping Instructions each time you order

With each order, please give complete shipping instructions if goods are not to be sent by parcel post. Give the name of your express or freight office and on which railroad you wish goods shipped. This will assure correct routing.

# Burpee's Early Flowering Sweet Peas

*Varieties are arranged in each color class from deep to light shades*

Burpee's Early Flowering Sweet Peas come into bloom outdoors before the summer heat arrives—3 to 4 weeks earlier than the Giant Spencer varieties offered on pages 32 to 36. They are valuable for winter flowering under glass, also especially adapted for growing in frost-free sections and for earliest blooms outdoors in the North. Sweet Peas do best in cool weather. If seed was not sown in the fall, sow as early in the spring as the ground can be prepared. They prefer an open, sunny location, and deep, rich soil which must be well drained.

**\* We have marked with a star (\*) the varieties that we particularly like in each color class; if you are in doubt as to which to choose, make your selection from those thus marked.**

*Kate Smith, beloved radio star, with the new bright scarlet Sweet Pea named in her honor by David Burpee.*

# Burpee's Famous Seed Farms and Experimental Grounds

## Fordhook Farms

**F**ORDHOOK FARMS, located at Doylestown, near Philadelphia, are the proving grounds for all seeds, bulbs and roots that we sell, as well as the breeding grounds for many varieties of vegetables and flowers.

Fordhook is the most famous seed experimental farm in America. Every variety of seed that we sell is tested for purity and vitality. In addition, we try out hundreds of varieties from foreign countries, making careful comparisons, and by hybridization and selection we are constantly improving the Quality of existing varieties and creating new ones.

When we introduce a variety under the name of Fordhook, or as a special strain, we stake our reputation that it is all the name implies—"Burpee's Best."

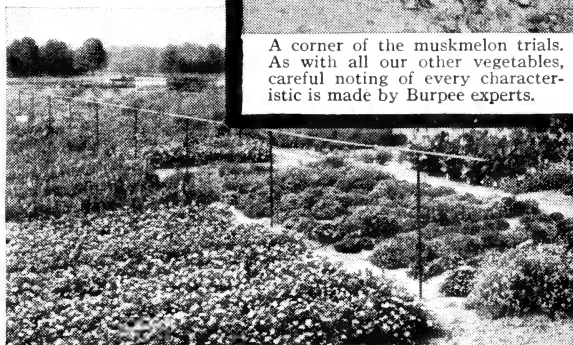

## Floradale Farms

**F**LORADALE FARMS comprise hundreds of acres in the fertile Lompoc Valley, California, fifty miles north of Santa Barbara. These Farms were established principally for the growing of Sweet Peas for seed, but other flowers have done so well that we now grow a long list of varieties as well as many acres of vegetables.

Seeds grown here have exceptional vigor, high vitality, and hardiness which assure sturdy growth and successful blooming wherever grown. Here, too, a large acreage is devoted to trial, experimental and breeding grounds; all this is done so that only the Best varieties and the Best Seeds that Grow can be offered to Burpee customers wherever they may be.

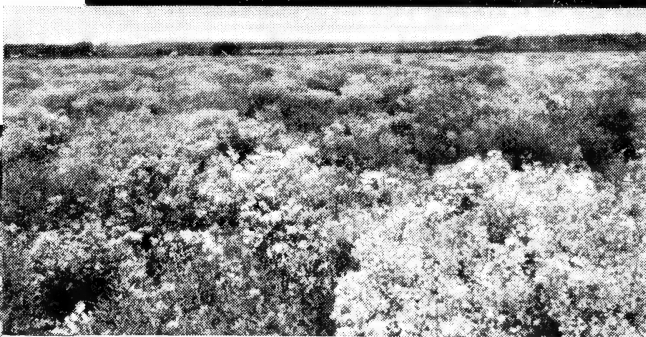

A corner of the muskmelon trials. As with all our other vegetables, careful noting of every characteristic is made by Burpee experts.

A partial view of the flower trials on Fordhook Farms. The same care in making notes on flowers as on vegetables is practiced, which insures you of getting seeds that will produce best results.

In the cool, long-growing climate of the Lompoc Valley, Cauliflower grows to perfection and produces seeds the equal of that grown anywhere in the world. Above is a field of Burpeeana Cauliflower on Floradale Farms.

Visitors to Floradale Farms last summer were astounded at the immense size of Burpee's Super Giant Zinnias, their lovely forms and marvelous range of unusual colors.
